FAQs

1. How quickly can I receive a conditional approval?

Conditional approvals are typically issued the same day if applications are submitted before noon. Note that this can vary during peak periods.

2. Are there any commission clawbacks?

No, we do not clawback on any commissions paid to you.

3. What is the usual settlement time?

Our typical loan takes 3 days from approval, depending on individual circumstances. We work with you to meet your timelines.

4. Are Funding loans secured?

Yes, all Funding loans are secured with either a first or second charge on the property.

5. How are interest repayments handled?

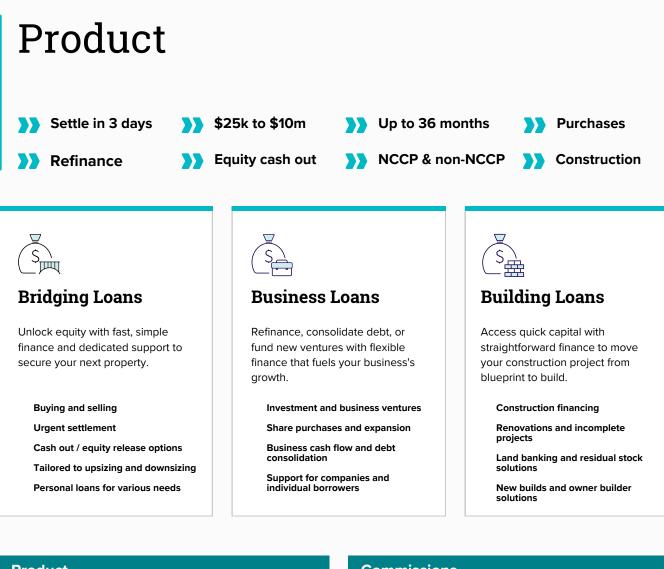

Interest for the first loan is deducted at settlement. This means clients do not make repayments throughout the loan term. The loan is paid back in one lump sum at the end.

6. Is a property valuation required?

Yes. However, we can sometimes use desktop or curbside valuation to speed up the process.

7. Do I need to be on your Lender Panel to work with you?

It is not mandatory. We have several aggregator relationships and can work directly with brokers who are not on our panel.
